The Privacy Promise provided below explains 1337pwn.com internal practices in protecting privacy of information whether gathered from our site visitors or received from its clients, and practices that 1337pwn.com asks all of its clients to adhere to.

1337pwn.com collects two types of data from Internet users.

- First 1337pwn.com collects non-personally identifiable information from its site's visitors: User/ISP IP addresses and what pages they visited. We use this information to continuously improve our site's functionality.
- Second 1337pwn.com collects name, title, mailing address, and e-mail address, from those visitors who made inquiries or comments. We use this information to directly respond to visitors' communications.

Storage of Information

1337pwn.com utilizes the industry's leading data security solutions and has implemented policies and procedures to ensure the physical and electronic security of data stored by 1337pwn.com.

Policy on Updating and Correcting Personally Identifiable Information

To correct or update personally identifiable information stored by 1337pwn.com, users may send an e-mail to privacy@1337pwn.com, request a copy of the file with information on them and then e-mail back the desired changes.

Opt Out Policy

1337pwn.com employs permission-based marketing principles: it communicates only to those users who affirmatively express an interest in receiving e-mails relevant to their interests in a particular company or product. Customers' permission to receive commercial e-mails may be granted and taken away; in other words users may "opt-in" and "opt-out". If a customer chooses to opt-out, 1337pwn.com will stop sending any messages to that customer. 1337pwn.com puts a high value to the users' ability to discontinue receiving unwanted e-mail, and provides the ability to opt-out of any e-mail lists.

Opt In/Opt Out Procedures

- **Opt-in:** 1337pwn.com provides users with the opportunity to "opt-in" during any campaign we host that involves signing up for e-mail lists or registering for product information, newsletters, prizes, or contests. This means that users know they are giving their contact information to receive something in return.
- **Opt-out:** For any e-mail list that 1337pwn.com manages, whether from its corporate site or from one of its clients', users always have an opportunity to opt-out of the list. To be removed from the respective mailing list, one may either reply to the e-mail message and put the word REMOVE in the subject line or, where available, use the "one click unsubscribe" function. If, for some reason, this does not successfully remove the customer from the list, it may be that they have more than one record in the customer database. The customer then should e-mail to unsubscribe@roskadirect.com directly and we will see that the records are removed.

Use of Cookies

1337pwn.com utilizes Cookie technology for purposes of web site traffic analysis such as the time/date of the visit, the time/date of last visit, the page viewed, the referrer, transaction information for ecommerce pages, and other data. The cookies never include personal information such as name, mailing address and phone number.
